# Bulk Storage

## Lockers

Any application, any size, any space. The ultimate in versatility, Cogan bulk storage lockers are custom-built for your exact needs.

Big or small, personal or industrial, Cogan bulk storage lockers are custom-built for your needs.

Engineered strong to withstand the rigorous demands of daily use, our storage lockers are made of heavy-duty framed 2"x2"x10GA welded wire mesh. The open wire mesh design ensures all safeguarded property is in constant view, while allowing air to circulate and light to penetrate fully. Multiple adjustable shelves provide versatility to store a variety of items. Ideal for changing and break rooms, inventory and order control, or any situation where bulk storage is required.

# University

## Double Tier Lockers

Life on campus is always bursting with activity. Keep school property secure with Cogan double tier lockers.

Between classes, extra curricular activities, and student housing, there is a definite need for cost-effective storage. Cogan double tier lockers are rugged and versatile to meet the demands of any university setting. Heavy-duty welded wire mesh construction and a powder-coated paint finish means our lockers are wear-resistant and maintenance-free. Use double tier lockers as storage units in student dormitories, fitness and recreation centers, or as faculty department storage.

# TA-50 Gear

## Lockers

Behind every hard working man, there is a hard working locker keeping his uniform and equipment safe and secure.

Built tough to withstand rugged daily use, Cogan TA-50 gear lockers are the go-to storage unit for fire station applications. Each gear locker comes standard with a top self, bottom shelf, coat rod, and two coat hooks. Available in a range of standard sizes with the option of single or double-swing doors. A heavy-duty construction, and a durable powder-coated paint finish make Cogan TA-50 gear lockers one of the sturdiest, most resilient storage solutions in the industry.

**Cogan products are built to last**  
**Our promise is for life**

# Freestanding

## Tenant Storage Lockers

Make the most out of your basement storage area with Cogan freestanding lockers. The #1 choice among condo developers in North America.

Designed especially for the condominium industry, our freestanding single tier tenant storage

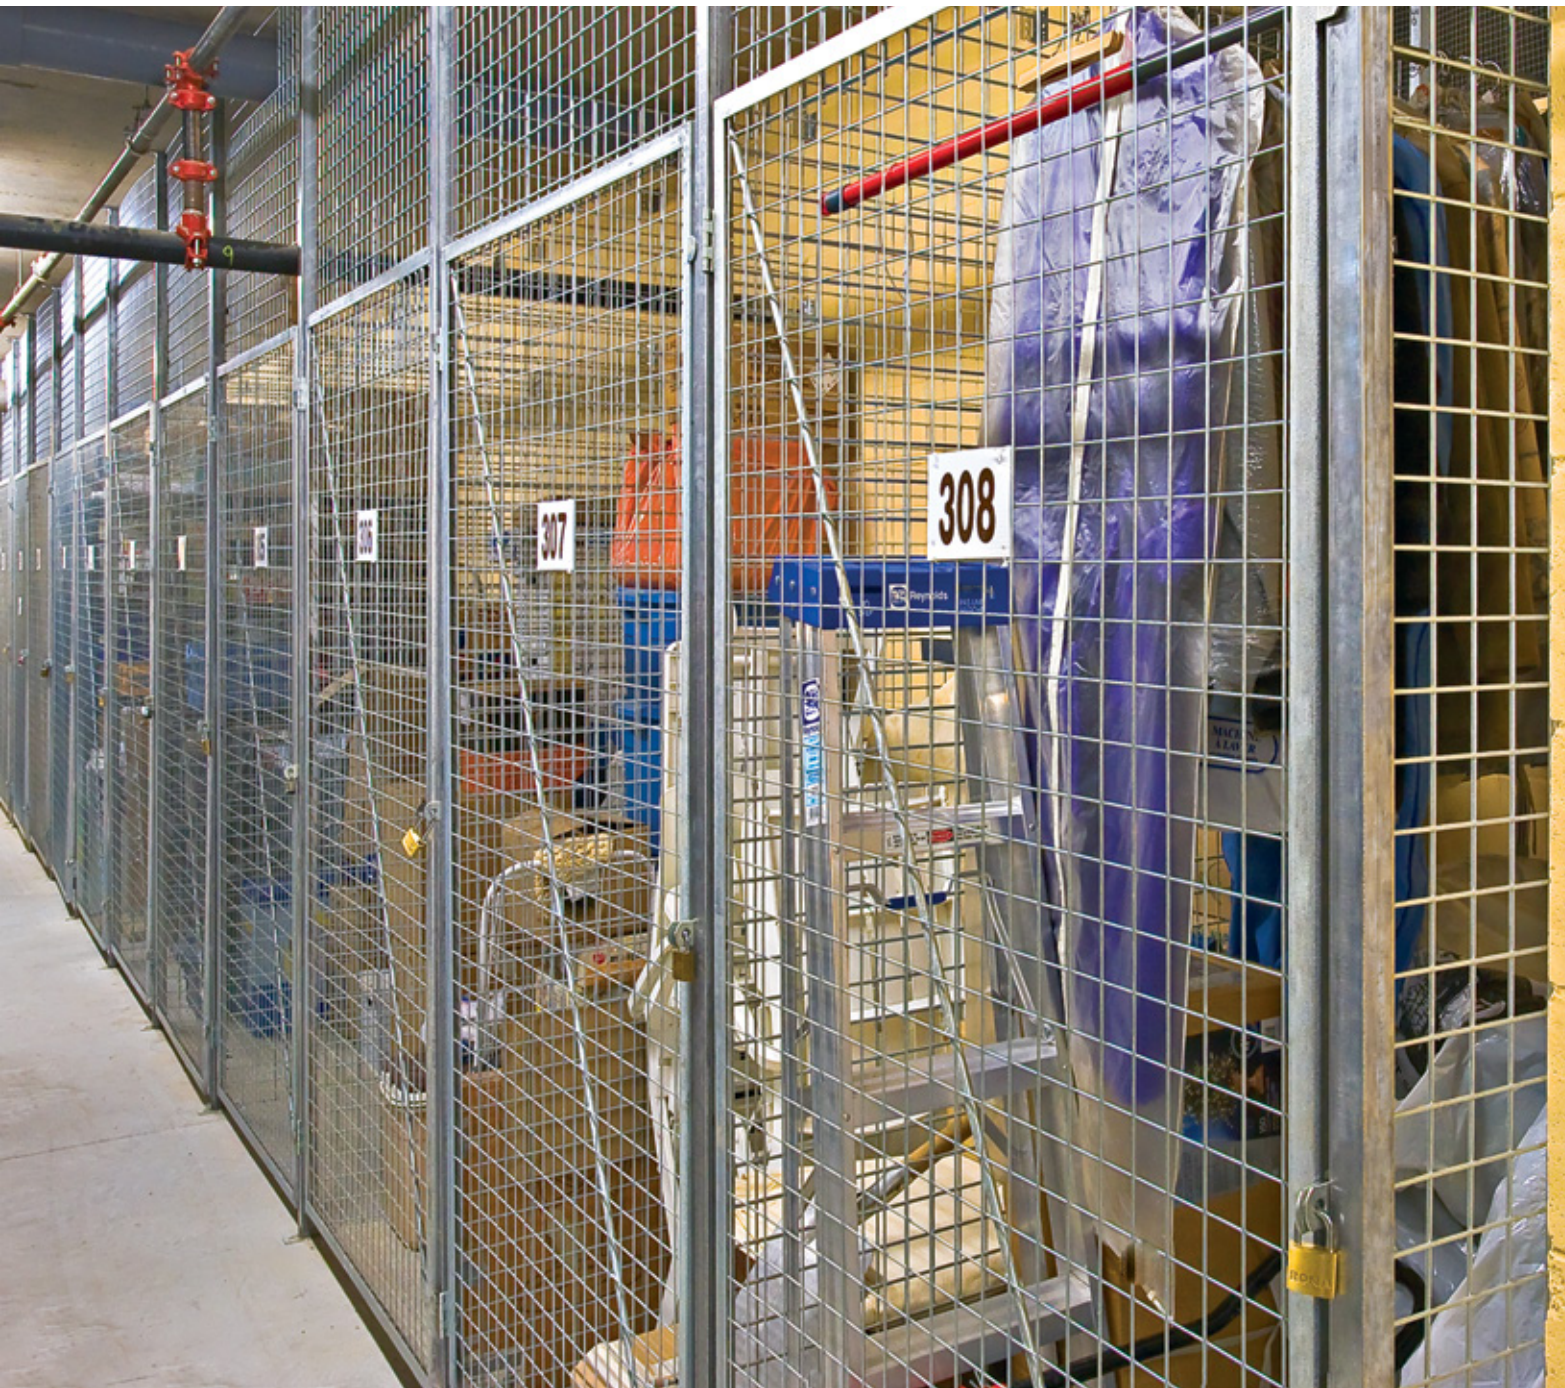

lockers boast a heavy-duty 2"x2"x6&8GA welded wire mesh construction. The unique, unframed design means our condo lockers do not require angle frame. This allows for any necessary trimming around water pipes, ventilation systems, and wall irregularities to be done right on-site, significantly reducing installation time and cost. The galvanized finish is corrosion-resistant for long-lasting, maintenance-free protection. Your system looks great even after years of use.

# Floor-to-Ceiling Tenant Storage Lockers

The ultimate in on-site adaptability, maximize your storage area with Cogan floor-to-ceiling tenant storage lockers.

Make the most out of your basement storage area with Cogan floor-to-ceiling single tier tenant storage lockers. Designed especially for the condominium industry, our floor-to-ceiling lockers provide more of everything you need – a clean, attractive design, simple assembly, adaptability and affordability. With fewer components, no system installs faster than a Cogan tenant storage locker, making it the lowest cost wire mesh storage system on the market.

When tenant storage space is limited, take advantage of the under-utilized real estate in your parking garage area with Cogan hanging lockers.

Cogan hanging lockers turn the open space above parked cars into convenient storage units.

Simply mounted to the wall, our hanging lockers leave ample room for even the largest vehicles to park. Their innovative, unframed design also means that our hanging lockers do not require angle frame. This allows for any necessary trimming around water pipes, sprinklers, ventilation systems and wall irregularities to be done right on-site. A spacious interior makes Cogan hanging lockers ideal for storing bulky or large items that are not used regularly.

## Item Description

### A. Single Tier Starter Units

- Single Tier Starter Unit 7'-6"H x 3'-0"W x 3'-0"D
- Single Tier Starter Unit 7'-6"H x 3'-0"W x 4'-0"D
- Single Tier Starter Unit 7'-6"H x 3'-0"W x 5'-0"D
- Single Tier Starter Unit 7'-6"H x 4'-0"W x 3'-0"D
- Single Tier Starter Unit 7'-6"H x 4'-0"W x 4'-0"D
- Single Tier Starter Unit 7'-6"H x 4'-0"W x 5'-0"D

### B. Single Tier Add-On Units

- Single Tier Add-On Unit 7'-6"H x 3'-0"W x 3'-0"D
- Single Tier Add-On Unit 7'-6"H x 3'-0"W x 4'-0"D
- Single Tier Add-On Unit 7'-6"H x 3'-0"W x 5'-0"D
- Single Tier Add-On Unit 7'-6"H x 4'-0"W x 3'-0"D
- Single Tier Add-On Unit 7'-6"H x 4'-0"W x 4'-0"D
- Single Tier Add-On Unit 7'-6"H x 4'-0"W x 5'-0"D

### C. Double Tier Starter Units

- Double Tier Starter Unit 7'-6"H x 3'-0"W x 3'-0"D
- Double Tier Starter Unit 7'-6"H x 3'-0"W x 4'-0"D
- Double Tier Starter Unit 7'-6"H x 3'-0"W x 5'-0"D
- Double Tier Starter Unit 7'-6"H x 4'-0"W x 3'-0"D
- Double Tier Starter Unit 7'-6"H x 4'-0"W x 4'-0"D
- Double Tier Starter Unit 7'-6"H x 4'-0"W x 5'-0"D

### D. Double Tier Add-On Units

- Double Tier Add-On Unit 7'-6"H x 3'-0"W x 3'-0"D
- Double Tier Add-On Unit 7'-6"H x 3'-0"W x 4'-0"D
- Double Tier Add-On Unit 7'-6"H x 3'-0"W x 5'-0"D
- Double Tier Add-On Unit 7'-6"H x 4'-0"W x 3'-0"D
- Double Tier Add-On Unit 7'-6"H x 4'-0"W x 4'-0"D
- Double Tier Add-On Unit 7'-6"H x 4'-0"W x 5'-0"D

### E. Roof Panels

- Roof Panel 3'-0"W x 3'-0"D
